# MALTOX

## APPLICATIONS

### In Dairy products:

MALTOX can improve the quality of dairy products by increasing the solubility, dispersability, taste and flavour. It act as Texturizing agent, Taste Improver, Bulking Agent, Volumising, Emulsifier, Fat Replacer, Stabilizer & Thickener and in Milk and Milk products .

### In Confectionaries:

MALTOX prevent sugar crystallization, improve the chewiness of soft candies and gummies and lengthen the shelf life of hard candies by preventing cold flow. They are also effective binders in direct compression candy tablet applications.

### Spray Drying Aids and Carriers:

Low hygroscopicity, neutral flavor, high solubility and ease of drying make products ideal for spray drying almost anything from flavors to dairy products to colors, fruit juices, herbal products and herbal extracts. They are also extremely effective carriers for high-intensity sweeteners, gums, spices and seasonings.

### In Bakery Products:

MALTOX enhance texture and tenderness in cookies, cakes, muffins and other bakery products. MALTOX help to make soft, low-fat bakery product. Also reduced-fat baked goods.

# MALTOX

## Frozen Application:

MALTOX products are effective cryoprotectants that control ice crystal formation in a number of **Frozen Desserts** and **Frozen Food** applications, from desserts to savory meals. They act as **bulking, volumising** and **mouthfeel** agent without excessive sweetness or freezing point depression and help stabilize texture.

## FEATURES AND BENEFITS

It is highly bio-degradable and causes no harm to the Environment.

A MALTOX is a white powder that adds no color to application and blends well with other ingredients.

MALTOX act as an excellent fat replacer, bulking agent, volumising and taste improver.

MALTOX act as thickening & binding agent and as emulsifier and stabilizer.

MALTOX act as texturizing agent for Milk and Milk Products.

## DOSAGE

For excellent results, use 2 to 10% MALTOX of total batch size, based on the Protein Content of the Milk. For Lower Protein Content in the Milk higher MALTOX NEED TO BE USED.
